What's On The Horizon?

ASBA 2018 Annual Cargo Conference

ASBA will return to the Eden Roc in Miami Beach, Florida for our 16th Annual Cargo Conference. We have again booked rooms in the newly renovated Ocean Tower. Our meet & greet opening reception hosted on Sept. 26th and our Sept. 27th dinner cruise up the Intercoastal on the luxurious Biscayne Lady yacht are designed to give our delegates the opportunity to get to know each other in casual surroundings.

We have gathered an excellent group of speakers who will address the question, "What's on the Horizon?" They will share their views on market trends in both the tanker and dry cargo trades. Delegates will enjoy presentations on strategic cargoes that include Coal, Soyabean Meal, Scrap and Construction Materials. This year's Tanker discussion panel will highlight the IMO 2020 Sulfur Emissions issue. This panel is comprised of key industry principals. The Ship Master Dilemma discussion panel will explore the challenges and pressures faced by the Master. The Friday morning panel, providing the latest on Ship Finance, P&I, Panama Canal Booking System and Industry Market Trends, should prove timely and informative.

We look forward to seeing you in Miami!
